The delivery rates are based on trip prep time, time underway and reasonable travel time

Trips are charged a provisioning allotment of \$45 per person daily. (\$85 overnight)

Captain and Crew rates are reduced 20% after four (4) days

If the vessel is broken down or otherwise unsuited for the delivery, the following rates will apply to "Boatsitting" while repairs are being done.

"Boatsitting" Daily Rate	\$350	\$125
"Boatsitting" Half-Day	\$250	\$100
Down time Hourly	\$65	\$35

Additional Expenses

Transportation to or from the vessel is an additional charge to the time above. Mass transit is usually available but I have found one-way rental cars to be the best transportation when available.

* A 30% Captain fee surcharge is applied if boat owner goes as crew.

** Crew is typically required for vessels over 45 Foot or Offshore Voyages
